EXPERIENCE

MAY 2018 - PRESENT

People10 Technosoft Pvt. Ltd. Bengaluru, India

User Interface/ Experience Designer

Here I would provide UX and UI for the internal projects and support with the assets which would include icons, screens, illustrations, etc. I also worked on making various graphic posters, banners, pamphlets, brochures, badges and other articles for numerous events and conferences.

JUNE 2016 - MAY 2018

Philips Innovation Campus, Bengaluru, India

Software Engineer

Worked as a backend developer on Java language in Personal Health Solutions(PHS). Here we developed micro-services and RESTful APIs which would function for a health watch.
After an year I shifted to another department, Radiology Solutions where I was involved in Front-end(web) development in HTML, CSS, Javascript, Angular 2 and 5 to develop dashboards for hospital records.
